Note: All rentals require a set up fee of four times (4x) the monthly rental price. Set up includes pre-load of inventory, build of service menu, entry of basic employee information and appointment prototypes, sales tax rates, and training hours based on the system rented. No rent ever applies to purchase price. Rental software may be operated on-line or on a local computer. Rental is set up with an automatic monthly credit card billing. See rental agreement for all details. For Purchasers using the On-line booking software it is provided at no extra cost with prepayment of 24 months of service. To activate the rental software a signed license agreement and signed rental agreement must be executed and set up fee must be paid (4x monthly rental fee)
