

## From the **MIKAL Marketing & Management Library**

The MIKAL Corporation has been in the business of helping salons and spas run more profitably since 1981. During this time we have developed the most comprehensive and robust Software Marketing and Management System in the industry.

At the same time we have been involved in consulting with and assisting the most progressive salons and spas. We have taken proven systems and programs and created a set of manuals to support them. These manuals are now available to the industry.

**Salon Policy Manual** – a comprehensive employee policy and procedure manual in printed form and on CD for your review and use. Save hours by editing our manual and be assured you have covered all the points needed to run an organized salon/spa with rules and procedures that improve customer service and set standards for the staff.
